**GHARLENI**   
2013//2014

## Made in Germany

To ensure that we do justice to the „Made by Gharieni“ label, we keep to the principle of „quality without compromise“. This also entails a guarantee of quality, as only this can offer customers transparency and security to the same level. To provide you with clear facts with regard to the proof of origin and to demonstrate that social responsibility and consumer interests are of great importance to us, we have undergone a costly certification process by TÜV NORD, and since early 2012 it has been „official“: in accordance with the TÜV NORD test criteria, our treatment beds and treatment towers are now able to display the „Made in Germany“ seal! Our manufacturing and administration processes are of course subject to constant quality checks. The comprehensive quality management of our business processes has been in place for over ten years now, and includes the ISO 9001 and ISO 13485 certifications. As a customer, this guarantees you quality of product and equally excellent service – a combination that is otherwise very hard to find!

## Distinguished and global

Various awards from the wellness, cosmetics and medical industries for individual products, innovative developments, the highest levels of quality, superb designs and the highest standards of service and warranty confirm our concept. We have been awarded first prize for the highly sought-after Readers' Choice Award three times in a row. With the special „Wellness Innovation“ prize, part of the Beauty Forum Award, in 2012 we took home yet another sought-after trophy. Yet increasing success and globally growing sales also speak up for us and our products. Among our international luxury-class clients are hotels in the Steigenberger hotel chain, the Hyatt hotel group and the Jumeirah hotel group in Dubai. In Germany we have, among others, the Kameha Grand Bonn, the 7 Welten thermal & spa resort and numerous other renowned hotels, spas and cosmetic facilities.

# Become a designer!

Our local production means we are able to respond to your specialist requirements with flexibility and to implement them quickly. In this way we offer a service which is unique in this sector: you can also become a designer of your own spa table!

On the MLW F1, the visuals of the side walls can be designed according to your taste and the ambience of your room. A choice of over 50 elegant wood and colour décors in high gloss or matt are available. For the metal covering, the finish is optionally available in an RAL colour. In this way you can find the colour which suits both you and your spa table. And as the perfect finishing touch you can also choose the upholstery for the spa table, which is available in an extra soft version, to match the colour of the base of your spa table in either white, creme or choco.

In the form of a special highlight your spa table can also be fitted with lateral LED strips. Situated on the underside of the spa table, these illuminate the floor as well as part of the casing.

The colour of the light can be chosen individually or as an infinitely variable colour gradient. In this way they create a pleasant and exclusive atmosphere.

To ensure the completely coherent and harmonious appearance of your spa, studio or medical practice we offer exclusive furniture and furniture collections.

Designed in an elegant, functional and customer specific way they can also be individually configured in terms of their décor and colour and can be combined perfectly with our spa tables.

*Regardless of whether they are used for massage, cosmetics or foot treatments - the multifunctional Gharieni beds stand out with their exceptional ease of use. They also have an optimum width which genuinely suits everyone. What is most important to us, however, is that our customers are more than satisfied.*

*„A spa table that invites you to relax“ is just one of the many enthusiastic responses.*

*Anne-Kathrin Schmidt, SPA Manager of the Susanne Kaufmann Boutique SPA, at the Das Stue Hotel, Berlin Tiergarten*

*Gharieni products are exceptionally comfortable and practical for beauty specialists. The excellent Gharieni equipment and the Clarins quality standards combine perfectly. For this reason Clarins chose Gharieni as its preferred partner.*

*Ghislain Weayaert, International Director of CLARINS Spa Activities, Paris*

*Gharieni not only convinces with its individual solutions and the perfect realisation of customer requirements. The innovative developments of our company are also forward looking and correspond exactly with the requirements in the Spa business. The beds are a successful symbiosis between medical know-how and design. This means that together with the Gharieni wellness furniture they can be wonderfully integrated in the atmosphere of an exclusive spa.*

*Elif Arslan, SPA Manager of the Rive Spa & Fitness at the Hyatt Regency Düsseldorf*

*The Gharieni treatment beds are the “Ferrari” of massage beds on the spa and wellness market. They stand out with their high quality and the option they offer for individual adaptation to the requirements of the guests and therapist alike.*

*Bernd Güsken, Spa Director, Grandhotel Steigenberger Frankfurter Hof, Frankfurt am Main*

*We originally tested several MLW spa tables by Gharieni in our hotel in Antibes. We received exclusively positive feedback from our customers and our spa team. With its excellent design, the spa table is the key decorative element in our cabins. And the differing spa table functions also mean the customer can enjoy an especially pleasant spa table experience. This is why we equipped all of our Spa marin cabins with the MLW spa table when we renovated our hotel in Bandol. Due to the considerable customer response the new Thalasso treatment and spa marin in Cabourg has now also been fitted with 11 beds.*

*Jean-Luc Pleuvry, Director of Operations, THALAZUR, Thalassothérapie & Spa*

*A spa table like the Sandor Gold is something completely new. With its golden quartz sand it has a genuine “wow effect” and enables stressed customers to leave all of their stress behind. The Sandor not only offers superb heat for the entire body, but the quartz sand also clings to the body so that the customer practically becomes one with the spa table. The comfortable feeling creates a sense of trust and the customer can relax to the hands of the therapist.*

*Ricky Welch, Manager of the BeautyLounge Medical DaySpa, Bad Dürkheim, VIP Masseur and Physiotherapist to national and international musicians, artists, high profile sports personalities and International Massage Chief Instructor at Babor Cosmetics.*

*I can't imagine using any other beds than Gharieni ones for our treatments. The beds convince due to their versatility, their high quality and in terms of their design. They enable an optimum professional and above all ergonomic method of work. - A combination which is impossible to find anywhere else. The service we received when we purchased the beds for our spa was also optimum. The advice and care were simply perfect! And last but not least the Gharieni beds also satisfy our customers' exacting aspirations.*

*Verena Berger, Manager of Beauty & Spa, Grandhotel Schloss Bensberg, Bergisch Gladbach*

*The company RKF Luxury Linen works together with the world's biggest brands in the spa sector. In this context, fulfilling the highest aspirations of our customers in view of service and product quality is our declared goal. This means we enjoy the highest levels of international prestige in the world of spas. For this reason it goes without saying that we combine the brand RKF Luxury Linen with the brand of Gharieni. Gharieni stands for treatment beds of the highest quality. Recommending Gharieni and working with Gharieni means our customers are able to find luxury massage beds at a superb level of service. The cooperation between RKF Luxury Linen and Gharieni offers our customers beneficial synergies. As a company we stand out thanks to our know-how, our wide ranging experience and our reliability.*

*Riadh Bouaziz, Managing Director, RKF Luxury Linen, France*

*We have not regretted equipping our complete spa with Gharieni for a single day. Their advice was simply first rate. Corresponding with our requirements and needs, Gharieni helped us to find the best for our spa. And we prove this every day anew. Visiting the cabins isn't only enjoyable, our customers love them as well. Their fittings mean our working conditions are much more beneficial to the back, as completely comfortable working conditions are possible. It is possible to bring everything into the required position - both for our personnel as well as our customers. This investment has really been worthwhile for us! And we will certainly buy our next spa from Gharieni as well!*

*Birgitt Görgen, Owner of Sayuri Dayspa, Mechernich-Kommern*

### Music

Volume control for enjoying music with headphones or installed speakers.

### Vibro-music

With this feature you can feel music from a connected music device throughout your body. To make this effect as pleasant as possible the intensity in the different sections of the upholstery can be controlled separately.

### Soft wave

Differing pre-set vibration patterns can be recalled at the touch of a button. The overall intensity can be controlled as well as the intensity in the different upholstery sections.

### Thermo

The thermo feature can be switched on and off as required.

### Airback system

The attributes of the spa table can be adjusted individually with three air chambers in the back and two air chambers in the leg area. In this context up to three settings can be saved.

### Chromo light shower

On the flip side of the control panel are high performance LEDs with which it is possible to produce up to eight different colours.

## Multisense option

The Multisense option has the following features:

Vibro music // Vibro massage // Soft wave // Chromo light shower // Thermo system // Airback system // Connection for external audio source // Connection and volume control for headphones // Connection and control for external light source

### Well-being at the touch of a button For all MLW-F1 models

The Multisense option offers everything that is necessary for a relaxing wellness treatment. Regardless of whether it is pleasant warmth, a pleasant vibro massage to the rhythm of your customer's favourite music, gentle vibrations, an atmospheric light shower or individually adjustable upholstery. With the Multisense feature the functions can be controlled easily via the multifunctional control panel.

Via another control panel on the side of the spa table it is possible to operate pre-sets for the different functions. External audio devices such as MP3 players and headphones can also be connected here.

### Gharieni MLW Amphibia

exclusive spa table // bed surface with heated Aqua upholstery // illuminated bed surface and sides // height, incline, back rest and foot section electrically adjustable // lowerable armrests // Head section can be tilted by +/- 30° // four treatment positions savable // soft PU upholstery can be exchanged for Aqua upholstery // inflatable connection for optional Ayurveda cover // optionally available in different décors and versions

Height: 54 - 90 cm // length: 202 cm // Basic width 55 cm // Width of the bed surface: 85 cm // elevating force: 160 kg\* // load bearing capacity: approx. 180 kg\*

### Gharieni MLW Classic

Classic spa table // bed surface in three widths (S, M and L) // height, incline, back rest and foot section electrically adjustable // lowerable armrests // head section can be tilted by +/- 30° // four treatment positions savable // soft PU upholstery // optionally available in different décors and versions

Height: 57 - 92 cm // length: 203 cm // width: S 76 cm / M 85 cm / L 92 cm // elevation strength\*: 180 kg // load capacity of the bed surface\*: 200 kg

### Gharieni MLW Soft

Features same as MLW Classic // with super comfortable soft upholstery

Height: 59 - 94 cm // length: 203 cm // width: S 76 cm / M 85 cm / L 92 cm // elevating force\*: 180 kg // load capacity of the bed surface\*: 200 kg

\* Values include a safety factor

### A sparkling gem

A new and special design means the MLW Amphibia is also an eye catcher: Its high quality finish with glittering Swarovski elements ensures a sparkling elegance in your treatment room or your spa; and the special feature: the perfectly integrated LED strips not only immerse the water cushions in wonderful and alternating coloured light, but also the base of the spa table. In this way the Swarovski elements sparkle in an especially impressive way.
