

JPLennard

Great Britains leading supplier to Swimming Pools, Leisure Centres, Health & Fitness Clubs

The Company

JPLennard, a family business started in 1955 by Gordon and Joy Lennard, initially supplied shampoo sachets to slipper baths around the UK. The company has evolved through the years to become Great Britains leading supplier to Swimming Pools, Leisure Centres, Health & Fitness Clubs.

From its inception, the company built a fine reputation with Local Authorities, based on many years dedicated hard work supplying quality products at the right price backed by a fast efficient delivery service.

Each year the product range increased, and with the evolution of Leisure Centres, Health and Fitness Clubs and Hotel Leisure Facilities, the opportunities multiplied. In 1998 the company settled into a new purpose-built facility with land for future expansion.

This consolidated the companys' position within the leisure industry providing space and technology for the new millennium.

Stock is warehoused on site and customers are encouraged to order by fax, telephone or e-mail to receive the fastest possible response and delivery time.

JPLennard are always looking for fresh ideas and welcome any new product suggestions.
