## CONSCIOUS SKIN SCIENCE™

Every choice in our life has an impact on our skin and the world around us. Our conscious skin care features **science-based, sustainable, result-oriented solutions to ensure the comfort of the skin, a deep sense of wellbeing and the respect for the environment.** We select the finest **natural-origin ingredients**, the most advanced **high-tech molecules** and **carrier systems**. We choose not to use animal derivatives, silicones, mineral oils, parabens, artificial colors, SLS and we are on a journey to remove all ethoxylates and acrylates. Our formulas are developed by our internal R&D lab, **tested by skin experts** and their **efficacy is clinically proven**. They are **suitable for vegans**, except for the depilatory wax. Our products are made in Italy at the Davines Village, a carbon neutral factory that uses **renewable energy**. Our packaging is sustainable and **fully recyclable**. **We offset the carbon emissions thanks to EthioTrees**, a proprietary reforestation and social regeneration project in Ethiopia.
