TVS Group
Low Bay, Commerce Street, Carrs Industrial Estate,
Haslingden, Rossendale, Lancashire,
BB4 5JT

TVS Group have recently completed the installation of a brand-new polyurethane Sports Hall floor on site here at St Bede's RC High School. The surface was in dire need of replacement due to its age and condition, so much so that it had begun to pose H&S risks for users. Upgrading the surface has not only enhanced our facilities in general but it has created an improved educational setting for our pupils/staff and a better-quality of playing surface for local community hirers. We have also now been provided with the ability to increase our hirer fees, in order to build revenue specifically dedicated to maintaining and improving our physical education facilities in the future.

The team at TVS Group were most helpful when providing guidance on each surface type/material along with their specifications, advising on which surfaces would be best suited to the exercises and sporting activities that we would be conducting within the Sports Hall. They offered a totally bespoke service, with choices on a wide variety of colours, designs and marked lines to suit the school's requirements.

Excellent communication from the TVS Group was received throughout, from the initial survey for quotation, return visits to liaise with our P.E staff members, to the handover and receipt of maintenance manuals upon completion of the installation.

TVS Group have also previously installed a sand dressed Astroturf carpet within one of our multi-use games areas here on site, so we were confident that all works would be completed to the highest possible standards and with incredible customer care as previous. We shall always make first contact with TVS Group for any future projects here at St Bede's, safe in the knowledge that they are a highly recommended and reputable company.

I'd like to say a special thanks to both Jason Lewis-Lamb and Daniel Redman for the excellent level of professionalism provided throughout all stages of the installation.

Yours Sincerely,

Liam Duckworth
Facilities & Compliance Manager
